

A TREASURY OF INTERNATIONAL FOLK DANCES

choreographed by Jim Gold

A Step by Step Guide

Introduction

"I've traveled to many countries, seen many kinds of dances. All are true."
Anonymous Folk Dance Traveler

Dedication Page

To all my folk dance teachers.

On The Nature of Folk Dance Choreography

Choreographies are created in the imagination and dreams of choreographers. If steps do not exist or have yet to be created, the choreographer begins to move. Soon a dance appears.

A folk dance choreographer is steeped in the lore, folk dance music, culture, history, art, steps, and national style. The steps he or she creates are faithful to the dancing style of the native country.

But no matter what the choreographer creates, choreographies are really suggested steps. All dances are open to interpretation and subject to future improvisations depending on the imagination, ingenuity, and creativity of the teacher or leader presenting them, whether created in a village, native country, or in the New World.

The relatively new art form of International Folk Dancing is developing in the United States and throughout the world. Along with more traditional approaches, new bands have also formed. The music they create is often based on a fusion of folk traditions and modern styles. With so many beautiful songs, striking harmonies, and awesome vibrations nourishing your mind, what else can you do but dance?

I urge you to join the creative stream!

I will consider this book a success if it inspires other folk dance teachers, leaders, and dancers to follow their inner muse and create exciting new dance steps, as I have done, in the folk tradition.

How to Use this Book

1. Read the black titles (headings?) in the beginning.
 2. Learn the name of the dance and check out the background material.
 3. Click on the Youtube video link and view the dance.
 4. While viewing the dance, practice the steps using the video to guide you.
- After that, read the written instructions for a more exact understanding of the steps, rhythms, etc.
Finally, and primarily: Enjoy the dance!

GLOSSARY

Alunelul Step: From the Romanian name for hazelnut tree whose branches have magical properties including water divination. Named after the Romanian dance Alunelul.

Belt Hold: Dancers hold belts or sashes. Often used in Balkan dances.

Csardas: National dance of Hungary. Usually done as a couple dance, but sometimes danced in improvised form in a circle or line. Coming from **csarda**, the Hungarian word for tavern, a place where peasants, farmers, and local townspeople met to dance a couple dance with a simple side-together-side step. After the revolution of 1848, it became the national dance.

Cherkessia: The name means Caucasus. Based on name and crossing step of Circassian people from Caucasia, the Caucasus region.

Clogging: Tap dance step from the southern Appalachians. Originally, from Ireland and the British Isles.

Drmes: Trembling step from Croatia where it is danced in a circle. Etymologically, **drmes** is related to Turkish name **dervish**, and thus to the whirling dervish dance itself. **Drmes** and dervish are also related to the Indo-Iranian root word for door. When one dances the Turkish meditative whirling dervish dance, or the circular Croatian drmes, one opens the door to heaven.

Escort Position: Dancer places hand on hip; adjacent dancer takes his or her arm by the elbow.

Grapevine: Lateral twisting step: the fastest, easiest way to move sideward.

Hasapico: Greek butcher's dance. From Turkish **hasap**, butcher. Slow, heavy, sensual, inward, and meditative in mode and feeling. Originally, dance of the Greek butcher's guild in Constantinople during the 12th century.

Hornpipe Step: Rocking step simulating a sailor's first unsteady steps on land, before they get their "land legs."

Klezmer: From Hebrew **Kli'zemer**. **Kli** means vessel, pot, or musical instrument. **Zemer** means song. Jewish dance style from Eastern Europe based on local and national dance forms.

Kopanitsa: From **kopan**, to dig. A lively Bulgarian folk dance in 11/16 timing.

Lame Duck step: Hopping type step from Croatia.

Pas de Bas: Leap and crossing step. Shortened form of pas de Basque, step of the Basques.

Pontozo: Hungarian word for point, as in the point or period ending a sentence. Virtuoso men's dance from Transylvania filled with twists, slaps, and leaps.

Pravo Horo: The lively, spirited national dance of Bulgaria. Etymologically, related to the Russian **pravda**, truth or right. Typical three-measure hora or horo dance pattern.

Ragtime csardas: Csardas step danced to ragtime music.

Rida: Crossing step.

Ronde de Jambe: From French "circling round of the leg." Lift leg with thigh parallel to

floor; then trace a circle in the air with your leg.

Ruchenitza: A Bulgarian folk dance in 7/16 time. Danced solo, in couples, or in a line. Etymologically, related to **reka**, hand, or **retchenik**, hand-kerchief often waved or rotated by the dance leader.

Schottische: Derives from **Scottish**. Walk and hop step danced in northern Europe.

Shirto, or Syrto:

Syrto is the Greek national dance, a four measure, open circle dance in 7/8 time, originating in the Peloponnesian town of Kalamata—famous for its olives. Syrto is often called Kalamatianos. Also danced in Western Bulgaria where it is called **Shirto**.

Shoulder Hold: Dancers hold shoulders of neighboring dancers.

Suzie Q: Twisting, pigeon-toed, sideways step, often danced in Ragtime dancing.

Shuffle: Clogging step.

Simian Gallop: Dancing like a gorilla.

Tarantella: Popular improvised dance from South Italy and Sicily in lively 6/8 time (sometimes 2/4) Some claim dance is named after the South Italian town of Tarentum, and relates to the movements off, or bites from, the Tarantula spider.

Two-step: Two quick steps followed by one slow step, Danced moving fwd or in place. Also called pas de bas, Serbian two-step, Yemenite step, Texas two-step, and more.

V position: Dancers holding hands, arms at sides, making shape of a V.

W position: Dancers hold hands, arms held at shoulder height, forming shape of a W.

A La Claire Fontaine

A la claire fontaine
M'en allant promener
J'ai trouve l'eau si belle
Que je m'y suis baigne

Il y a longtemps que je t'aime
Jamais je ne t'oublierai

Sous les feuilles de chene
Je me suis fait seche
Sur la plus haute branche
Le rossignol chantait

Il y a longtemps que je t'aime

Jamais je ne t'oublierai

Chante, rossignol, chante
Toi qui as le coeur gai
Tu as le coeur rire
Moi je l'ai pleurer

Il y a longtemps que je t'aime
Jamais je ne t'oublierai

C'est pour mon ami Pierre
Qui ne veut plus m'aimer
Pour un bouton de rose
Que je lui refusai

Il y a longtemps que je t'aime
Jamais je ne t'oublierai

J'ai perdu mon ami
Sans l'avoir merite
Pour un bouquet de roses
Que je lui refusai

Il y a longtemps que je t'aime
Jamais je ne t'oublierai
